South Tours

Spain, Malaga

hr@southtours.es

Dear South Tours Team,

I am writing to express my enthusiastic interest in the Web Developer Internship position at South Tours. As a junior Python developer with a strong foundation in data management and a keen interest in web development, I am excited about the opportunity to contribute to your team and further develop my skills in this dynamic field.

My background in data analysis and development has provided me with a solid technical foundation and problem-solving abilities. I have hands-on experience in Python and am proficient in various web technologies. Although I am still expanding my expertise in web development, I am highly motivated and eager to learn and apply new skills. I am particularly drawn to this internship because of South Tours' innovative approach and commitment to fostering talent in a collaborative environment.

I am available to start the internship immediately for 2 - 4 months and am excited about the possibility of contributing to your team. I am confident that my strong analytical skills, combined with my enthusiasm for web development, will make me a valuable asset to South Tours.

Thank you for considering my application. I look forward to the opportunity to discuss how my skills and interests align with the goals of your team. Please feel free to contact me at your convenience.

Sincerely,

Gram Abdellah
